Note: Scoring for each event is calculated by giving the top team 15 points, then the next team 14 points, and so on. No team who participates in an event will receive less than 1 point. Therefore places 15 to 28 will all receive 1 point. Ties receive the average points for the total number of spots so that the total points given for each event does not change. For example, if two teams tie for second place, they would each receive 13.5 points. (The average of 14 and 13 for 2nd and 3rd places) The next team would receive 12 points for **fourth** place.
